## ABOUT US

**Acrobati-k** an aerial and acrobatic circus company. Our work is an excellent fusion of circus, theatre and the latest avant-garde tendencies.

**Acrobati-k** is not a talent agency, is a young, dynamic and enterprising company, with an own and authentic artistic identity. Our shows are created and produced for our company and always appropriate to the needs of our customers.

Our group of artists and the artistic directors comes from many different areas of the show business: dance, theatre, cabarets and traditional circus; as well as a wide range of sports; climbing, bike trial and gymnastics. This variety is what makes our company original and enriches our creations. Top-quality shows, freshness and a strong visual impact is what our company represent.

We take great care of our image and style, which are both elaborated and elegant.

We also perform our shows on exclusives equipments designed by our company, a fact that define and difference us from others companies.

We take our shows to all areas where they can develop: festivals, celebrations, stages circuits, events, nightlife and clubbing are our main fields of action.

Elegance, spectacularity, creativity and efficiency are our identity mark.
